BUSINESS MANAGEMENT COMPETITION

Business Management Competition #12 2026 is an academic event organized to enhance students competencies, both internally and externally, in the field of business and management. This competition emphasizes the International Business Plan Competition as its primary program, providing a platform for participants to develop and present innovative, feasible, and sustainable business ideas on an international scale. This year's theme is ***“Advancing Future Business Leaders Toward Strategic Innovation and Sustainable Global Competitiveness”***. Through this theme, the competition aims to foster a generation of young visionaries who are capable of adapting to the rapid development of business and technology in the global era.

Business Management Competition #12 2026 comprises several competition categories that are divided into two main activities, namely external and internal competitions. The external competition focuses on the International Business Plan Competition, which involves participants from various countries to compete and demonstrate their best business strategies and ideas. Meanwhile, the internal competitions consist of Business Data Processing Competition, Business Plan Competition, Corporate Meeting Planning Competition, Filing Competition, Master of Ceremony (MC) Competition, Presentation Skill Competition, Secretarial Competition, Typing Speed Competition, and Web Design Competition. It is expected that this event will serve as a platform for students, particularly those from Politeknik Negeri Bali, to enhance their skills, broaden their insights, and contribute to innovation in the business sector.

BUSINESS PLAN

A business plan is a structured document prepared by an individual or a team prior to establishing a business. It contains detailed explanations regarding the business concept, market analysis, operational strategy, and financial planning. A well-developed business plan serves as a guideline to ensure the sustainability and future growth of the proposed business.
